## **PREFACE**

The Constitution of South Dakota requires that each chamber of the Legislature keep a Journal of all of its activities. The original journals are corrected and filed with the Secretary of State. Individuals in need of corrected journal entries should consult these documents.

The Legislative Research Council has developed a computerized legislative information system which compiles and tracks legislation through the legislative session. This index is the printed form of this tracking system. The index provides a roadmap to this legislative session.

All legislative documents are available on the World Wide Web. The documents may be found at the South Dakota Legislature's home page at: <http://legis.sd.gov>.
