

2021 South Dakota Legislature

House Bill 1100

SENATE ENGROSSED

This bill has been extensively amended (hoghoused) and may no longer be consistent with the original intention of the sponsor.

Introduced by: **Representative Gosch**

1 **An Act to modify the medical marijuana program, to create an interim committee to**
 2 **recommend implementation of the medical marijuana program, and to**
 3 **remove and clarify penalties for marijuana use under certain circumstances.**

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF SOUTH DAKOTA:

5 **Section 1.** The Legislature finds the following facts to be true:

6 (1) 2020 Initiated Measure 26 passed by a vote of the people on November 3, 2020,
 7 receiving nearly seventy percent of the vote, and will become law on July 1, 2021;

8 (2) The Measure legalizes marijuana for medical use by qualifying patients, including
 9 minors. The Measure requires patients to obtain a registration card from the
 10 Department of Health, and the Measure allows the acceptance of nonresident
 11 cards. The Measure authorizes individuals to become designated caregivers and
 12 grow marijuana in their homes. The Measure authorizes cultivation, manufacture,
 13 and retail facilities if registered by the Department of Health;

14 (3) The Measure, however, does not include provisions for:

15 (a) Tracking marijuana or marijuana products;

16 (b) Taxing medical marijuana;

17 (c) Regulating the form of products, maximum potency, or appropriate dosage
 18 of products for safe human consumption;

19 (d) Identifying the debilitating medical conditions that qualify for lawful use and
 20 possession of medical marijuana; and

21 (e) Permitting, mandating, or prohibiting ownership within different tiers of the
 22 marijuana supply chain;

23 (4) The Measure requires the Department of Health to regulate marijuana, which
 24 conflicts with 2020 Constitutional Amendment A that gives the exclusive power to
 25 regulate marijuana to the Department of Revenue. Amendment A is presently the
 26 subject of two constitutional challenges in the state courts;

- 1 (5) The Measure does not provide a source of funding for the creation of a new state
2 program before the work to implement the Measure may occur;
- 3 (6) Included in the Measure are policies outside the subject of a medical marijuana
4 program in the following areas;
- 5 (a) Employment law;
6 (b) Landlord and tenant rights;
7 (c) School policy;
8 (d) Correctional health;
9 (e) Family law; and
10 (f) Contract law;
- 11 (7) 2020 Constitutional Amendment A passed by a vote of the people on November 3,
12 2020, receiving fifty-four percent of the vote. South Dakota became the first state
13 to adopt recreational and medicinal marijuana in the same election;
- 14 (8) The constitutionality of Constitutional Amendment A is currently being challenged
15 in two lawsuits: In the matter of election contest as to Amendment A, Sixth Circuit
16 Case No. 32CIV20-186, and Sheriff Kevin Thom, in his official capacity as
17 Pennington County Sheriff and Colonel Rick Miller, in his official capacity as
18 Superintendent of the South Dakota Highway Patrol v. Steve Barnett, in his official
19 capacity as South Dakota Secretary of State, Sixth Circuit Case No. 32CIV20-187.
20 On February 8, 2021, the circuit court issued its decisions in these cases, and in
21 the latter case, held that Amendment A was unconstitutional. These decisions,
22 however, are subject to appeal and final, nonappealable decisions are not expected
23 during the 96th Legislative Session;
- 24 (9) The implementation, administration, and regulation of a medical marijuana
25 program would be significantly impacted by the final outcome of the Amendment
26 A litigation, and establishing a medical marijuana program without certainty as to
27 the legality of adult use marijuana would waste limited taxpayers' resources;
- 28 (10) A state of emergency was declared on March 13, 2020, and continues to exist in
29 every county of this state. The Department of Health, which the Measure charges
30 with regulating medical marijuana, has been preparing, planning, researching,
31 managing, communicating, and using every available resource at its disposal to
32 fight the unprecedented, global pandemic of the novel coronavirus, which causes
33 the severe respiratory disease, COVID-19, since January 2020, and has been
34 developing, launching, tracking, and administering the state's vaccine distribution
35 plan continuously since the Measure passed;

1 (11) The Measure requires the Department of Health to implement, administer, and
 2 regulate a new program and industry less than eight months from when the
 3 Measure passed. The time frame is insufficient to successfully launch a reliable,
 4 stable, and prudent medical marijuana program;

5 (12) The Measure conflicts with federal law by legalizing a substance that remains illegal
 6 under federal law, which adds further complexity to implementation;

7 (13) The Measure fails to adequately consider the complexities and detail needed to
 8 successfully create and operate a medical marijuana program;

9 (14) Due to the pending litigation, the Department of Health's continued efforts against
 10 COVID-19, and the complexity of marijuana's status under federal law, the State
 11 needs more time to establish a medical marijuana program with integrity and
 12 prudence than its current effective date of July 1, 2021; and

13 (15) Therefore, a delay of the implementation of the Measure is appropriate and
 14 necessary.

15 **Section 2.** Notwithstanding the provisions of § 2-1-12, §§ 34-20G-1 to 34-20G-17, inclusive,
 16 §§ 34-20G-19 to 34-20G-50, inclusive, and §§ 34-20G-52 to 34-20G-95, inclusive, are
 17 effective January 1, 2022.

18 **Section 3.** That § 34-20G-29 be AMENDED.

 25 preceding the date of an application;

2 documentation demonstrating that a greater number of designated caregivers are
3 needed due to the patient's age or medical condition;
- 4 (7) The name of no more than two dispensaries that the qualifying patient designates,
5 if any; and
- 6 (8) If the qualifying patient designates a designated caregiver, a designation as to
7 whether the qualifying patient or designated caregiver will be allowed under state
8 law to possess and cultivate cannabis plants for the qualifying patient's medical
9 use.

10 **Section 4.** That § 34-20G-45 be AMENDED.

11 **34-20G-45. [Effective January 1, 2022] Secure phone or web-based**
12 **verification system.**

13 ~~Within one hundred twenty days of July 1, 2021~~ No later than May 15, 2022, the
14 department shall establish a secure phone or web-based verification system. The
15 verification system shall allow law enforcement personnel and medical cannabis
16 establishments to enter a registry identification number and determine whether the
17 number corresponds with a current, valid registry identification card. The system may
18 disclose only:

- 19 (1) Whether the identification card is valid;
- 20 (2) The name of the cardholder;
- 21 (3) Whether the cardholder is a qualifying patient or a designated caregiver;
- 22 (4) Whether the cardholder is permitted to cultivate cannabis plants;
- 23 (5) The registry identification number of any affiliated registered qualifying patient;
24 and
- 25 (6) The registry identification of the qualifying patient's dispensary or dispensaries, if
26 any.

27 **Section 5.** That § 34-20G-51 be AMENDED.

28 **34-20G-51. [Effective July 1, 2021] Medical purpose defense to prosecution**
29 **involving cannabis.**

30 Except as provided in § 34-20G-18 and this section, a person may assert the
31 medical purpose for using cannabis as a defense to any prosecution involving cannabis,
32 and such defense is presumed valid where the evidence shows that:

- 1 (1) A practitioner has stated that, in the practitioner's professional opinion, after
2 having completed a full assessment of the person's medical history and current
3 medical condition made in the course of a bona fide practitioner-patient
4 relationship, the patient has a debilitating medical condition and the potential
5 benefits of using cannabis for medical purposes would likely outweigh the health
6 risks for the person;
- 7 (2) The person was in possession of no more than ~~three ounces of cannabis, the~~
8 ~~amount of cannabis products allowed by department rules, six cannabis plants~~
9 ~~minimum or as prescribed by a physician, and the cannabis produced by those~~
10 ~~plants;~~

15 time and any cannabis produced by those six plants provided that the
16 cannabis is located at the same property where the plants were cultivated;
17 or
18 (d) Any combination of subsections (a), (b), or (c);
- 19 (3) The person was engaged in the acquisition, possession, use, manufacture,
20 cultivation, or transportation of cannabis, paraphernalia, or both, relating to the
21 administration of cannabis to treat or alleviate the person's debilitating medical
22 condition or symptoms associated with the person's debilitating medical condition;
23 and
- 24 (4) Any cultivation of cannabis and storage of more than three ounces of cannabis
25 occurred in a secure location that only the person asserting the defense could
26 access.

31 rules pursuant to chapter 1-26:

- 32 (1) Governing the manner in which the department shall consider petitions from the
