VOTING RIGHTS ACT REQUIREMENTS

VOTING RIGHTS ACT SECTION 2

(a) No voting qualification or prerequisite to voting or standard, practice, or procedure shall be imposed or applied by any State or political subdivision in a manner which results in a denial or abridgement of the right of any citizen of the United States to vote on account of race or color, or in contravention of the guarantees set forth in section 10303(f)(2) of this title, as provided in subsection (b).

VOTING RIGHTS ACT SECTION 2

(b) A violation of subsection (a) is established if, based on the totality of circumstances, it is shown that the political processes leading to nomination or election in the State or political subdivision are not equally open to participation by members of a class of citizens protected by subsection (a) in that its members have less opportunity than other members of the electorate to participate in the political process and to elect representatives of their choice. **The extent to which members of a protected class have been elected to office in the State or political subdivision is one circumstance which may be considered:** Provided, That nothing in this section establishes a right to have members of a protected class elected in numbers equal to their proportion in the population.

THE GINGLES FACTORS

1. The racial or language minority group "sufficiently large and geographically compact to constitute a majority in a **single-member district**";
2. The minority group is "politically cohesive" (meaning its members tend to vote similarly); and
3. The "majority" votes sufficiently as a bloc to enable it ... usually to defeat the minority's preferred candidate.

IMPORTANT NOTES

- All States and Districts are subject to the Voting Rights Act
- We are currently not subject to preclearance under Section 5.
- Retrogression still can apply under Section 2 of the Voting Rights Act
- If you can draw a single-member district in such a way that the minority can be the majority, you might be required to do so by Section 2.
- You need evidence to support your districts, even if keeping them the same.
