Adults over the age of 21 may possess, grow, or transport no more than six marijuana plants, with three or fewer being mature, flowering plants, and possession of the marijuana produced by the plants on the premises where the plants were grown, provided that the growing takes place in an enclosed, locked space, is not conducted openly or publicly, is not accessible to individuals under the age of 21, and is not made available for sale. Plants may only be transported if they are shorter than 8 inches and not flowering. Local municipalities or governing bodies may further restrict home cultivation.
