Subject: [EXT]: SB 82

Good Morning,

I am writing to request that you vote against SB 82 as this bill makes continued access to medical treatment difficult if not impossible for many people who have received successful treatment through legal and voter approved cannabis. Many people do not have a primary physician and, even if they do, their primary care physician may not be licensed to prescribe cannabis. This bill would rule out those persons who receive medical treatment through the VA. This bill adds needless impediments and is not beneficial to citizens in any way. Please vote against it.

Karen Haynes
Chamberlain
