4       **Section 2. That § 38-35-3 be AMENDED:**

5               **38-35-3.** After the department receives approval by the United States Secretary  
6               of Agriculture for the state plan submitted pursuant to § 38-35-15, any person seeking to  
7               purchase, receive, or obtain industrial hemp, other than industrial hemp product and  
8               industrial hemp stalk bales, for planting, storing, propagating, or producing shall apply to  
9               the secretary for a grower license on an application form prescribed by the department  
10              and submit a nonrefundable annual application fee. The secretary shall deposit fees  
11              collected under this chapter in the hemp regulatory program fund.

12              An application for licensure to plant, grow, or produce industrial hemp must be for  
13              at least one-half, contiguous outdoor acre with a three hundred plant minimum, or in a  
14              greenhouse with a fifty plant minimum, or combination thereof. No industrial hemp  
15              grower's license may be issued by the secretary to plant, grow, or produce industrial hemp  
16              within the corporate limits of any incorporated municipality without receiving verification  
17              from the municipality that it meets all applicable municipal zoning regulations.

18       **Section 3. That § 38-35-5 be AMENDED:**

19              **38-35-5.** Each applicant for any license under this chapter, key participant, and  
20              landowner, if the applicant is the lessee, shall submit to a state and federal criminal  
21              background investigation by means of fingerprint checks by the Division of Criminal  
22              Investigation and the Federal Bureau of Investigation. A licensed applicant must only  
23              submit to a background criminal investigation pursuant to this section once every three  
24              years, unless requested by the secretary. Upon application for a license, the department  
25              shall submit ~~the completed fingerprint cards~~ fingerprints to the division. Upon completion  
26              of the criminal background check, the division shall forward to the department all  
27              information obtained as a result of the criminal background check. This information must  
28              be obtained prior to the licensure of the applicant. All costs or fees associated with the  
29              criminal background checks are the responsibility of the applicant. Information provided  
30              to the department under this section is confidential, is not public record, and is exempt  
31              from the provisions of chapter 1-27. However, the department may share this information  
32              with law enforcement and the Department of Public Safety. Failure to submit to or  
33              cooperate with a criminal background check is grounds for denial or revocation of a license.

1 The secretary may deny licensure if any applicant, key participant, or landowner has been  
 2 convicted of a misdemeanor or felony relating to a controlled substance or marijuana  
 3 under state or federal law within the previous ten years. Licensure under this chapter is  
 4 not required for employees of the state of South Dakota if performing official duties. Any  
 5 person who has previously submitted ~~a fingerprint card~~ fingerprints to the Division of  
 6 Criminal Investigation as part of an application under the hemp program is not required  
 7 to resubmit ~~a fingerprint card~~ fingerprints but shall authorize the use of the previously  
 8 submitted fingerprints for an updated state and federal background check. All costs or  
 9 fees associated with the criminal background checks are the responsibility of the applicant.  
 10 The secretary may waive the requirement that landowners submit ~~a fingerprint card~~  
 11 fingerprints for a state and federal background check if the applicant is unable to have a  
 12 fingerprint card completed. Other types of background checks may be required in lieu of  
 13 ~~fingerprint card~~ submitting fingerprints on cards or online.

14 **Section 4. That § 38-35-7 be AMENDED:**

15 **38-35-7.** If the applicant has completed the application to the satisfaction of the  
 16 secretary, paid the application fee, returned a criminal background check compliant with  
 17 § 38-35-5, and is eligible for a license under this chapter, the secretary shall issue the  
 18 license upon receipt of an annual license fee.

19 A grower, or research, ~~or processor~~ license issued under this chapter is valid for  
 20 fifteen months from the date of issuance. A processor license issued under this chapter is  
 21 valid for up to three years from the date of issuance.

22 The department may deny, revoke, or suspend a license of any person who:

- 23 (1) Violates any provision of this chapter or administrative rule promulgated under the  
 24 authority of this chapter;
- 25 (2) Violates any rule set forth by the United States Department of Agriculture regarding  
 26 industrial hemp;
- 27 (3) Provides false or misleading information in connection with any application required  
 28 by this chapter;
- 29 (4) Has been convicted of a misdemeanor or felony relating to a controlled substance  
 30 or marijuana under state or federal law within the previous ten years;
- 31 (5) Has been charged with or convicted of a misdemeanor or felony relating to a  
 32 controlled substance or marijuana under state or federal law since the most recent  
 33 criminal background check; or
- 34 (6) Requests the secretary to revoke or suspend the license.

1 Any person whose license is denied, revoked, or suspended under this section may  
2 request a hearing pursuant to chapter 1-26.

3 **Section 5. That § 38-35-10 be AMENDED:**

4 **38-35-10.** At the discretion of the secretary, a grower licensee may be inspected  
5 and samples collected no more than thirty days before the hemp is harvested. The grower  
6 licensee shall contact the ~~Department of Public Safety~~ department prior to harvest ~~in order~~  
7 to ensure a reasonable amount of time to schedule an inspection. The grower licensee is  
8 required to be present during the inspection. No harvested lot of hemp ~~shall~~ must be  
9 commingled with another harvested lot of hemp and no hemp may leave the dominion of  
10 control of the grower licensee until the grower licensee receives a laboratory result from  
11 the department that confirms each lot complies with 7 U.S.C. Chapter 38, Subchapter VII,  
12 as provided in 7 C.F.R. §§ 990.70(d) and 990.71(d) in effect as of March 22, 2021.

13 Any location of the processor licensee is subject to random inspection. The  
14 processor licensee is required to be present during the inspection.

15 At the discretion of the secretary, a research licensee may be inspected, and  
16 samples may be collected. The research licensee is required to be present during the  
17 inspection.

18 **Section 6. That § 38-35-14 be AMENDED:**

19 **38-35-14.** The department compliance testing must be conducted by a laboratory  
20 approved by the Drug Enforcement Administration. The laboratory shall report the total  
21 delta-9 tetrahydrocannabinol concentration level and the measurement of uncertainty for  
22 each sample tested pursuant to this section. If a test reveals a total delta-9  
23 tetrahydrocannabinol concentration of more than three-tenths of one percent but not more  
24 than ~~five-tenths~~ of one percent, the licensee may request a retest at the licensee's  
25 expense. If upon the retesting, the total delta-9 tetrahydrocannabinol concentration  
26 exceeds three-tenths of one percent, the entire lot from which the noncompliant sample  
27 was collected ~~shall~~ must either be destroyed or remediated and retested according to the  
28 United States Department of Agriculture guidelines. However, a sample that tests a result  
29 within a measurement of uncertainty that produces a range that includes a total delta-9  
30 tetrahydrocannabinol concentration of three-tenths of one percent is compliant for the  
31 purposes of this chapter.
