5   **Section 1.** No later than September 30, 2026, the South Dakota Board of Education  
6   Standards shall, pursuant to chapter 1-26, provide for and file with the secretary of state, the  
7   amendment of § 24:43:11:02, as set forth below:

8           **24:43:11:02. General requirements for high school graduation.** The units of  
9       credit number of credits required for high school graduation must include the following at  
10      least:

- 11      (1)    Four units or more credits of language arts that, which must include the following:
  - 12       (a)    One unit credit of writing;
  - 13       (b)    One-half unit credit of speech or debate; and
  - 14       (c)    One unit credit of literature that must include one-half unit credit of  
15           American literature;
- 16      (2)    Three units or more credits of social studies that, which must include the following:
  - 17       (a)    One unit credit of U.S. history; and
  - 18       (b)    One-half unit credit of U.S. government;
- 19      (3)    Three units or more credits of mathematics that, which must include one unit credit  
20           of algebra I;
- 21      (4)    Three units or more credits of science that, which must include one unit of biology;
- 22      (5)    One unit or more credit in any combination of the following:
  - 23       (a)    Approved career and technical education courses;
  - 24       (b)    A capstone experience; and
  - 25       (c)    World languages;
- 26      (6)    One-half unit credit of personal finance or economics;

- 1       (7)    One-unit credit of fine arts;
- 2       (8)    One-half-unit credit of physical education;
- 3       (9)    One-half-unit credit of health or health integration; and
- 4       (10)   Five and one-half-units credits of electives.

5           A state-approved advanced computer science course may be substituted for one  
6    unit credit of science, ~~but may not be substituted for~~ provided that the science course  
7    being replaced is not biology.

8           Within the coursework outlined above, a student may earn one or more advanced  
9    endorsement, ~~but is not required to do so.~~ A student may earn one or more of the following  
10   advanced endorsements: advanced, advanced career, and advanced honors. Substitutions  
11   for laboratory science, using a state-approved computer science course, do not apply to  
12   the advanced and advanced honors endorsements.

13          Students-A student may be granted up to one credit in fine arts for participation in  
14    extracurricular activities. ~~A maximum of one-fourth credit may be granted for each~~  
15    extracurricular activity each school year. In order to grant credit, a district must document  
16    the alignment of the activity with ~~A student may be granted a maximum of one-fourth~~  
17    credit for each extracurricular activity each school year. In order to grant credit, the school  
18    district shall document how the extracurricular activity aligns with the fine arts content  
19    standards as approved by the South Dakota Board of Education Standards.

20          A student may be granted up to one-half credit in physical education for  
21    participation in school-sanctioned extracurricular varsity athletic activities. A student may  
22    be granted a maximum of one-fourth credit for each extracurricular varsity athletic activity  
23    each school year. In order to grant credit for participation in an extracurricular varsity  
24    athletic activity, the school district shall document how the varsity athletic activity aligns  
25    with the physical education standards approved by the South Dakota Board of Education  
26    Standards.

27          Academic core content credit may be earned by completing an approved career  
28    and technical education course. Approval to offer credit must be obtained through an  
29    application process with the Department of Education. The application must include-  
30    (1) Course syllabus;  
31    (2) Standards based curriculum;  
32    (3) Teacher certification;  
33    (4) Assessment of standards by methods including end of course exams, authentic  
34    assessment, project based learning or rubrics ~~a copy of the teacher's certification~~

1       and a course syllabus that includes assessment standards and demonstrates that  
2       curriculum is based on state content standards.
