1 FOR AN ACT ENTITLED, An Act to grant limited immunity from arrest and prosecution for
2 certain related offenses to persons who assist certain persons in need of emergency
3 assistance or who are themselves in need of emergency assistance.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF SOUTH DAKOTA:

5 Section 1. That the code be amended by adding a NEW SECTION to read:

6 Terms used in this Act mean:

7 (1) "Drug-related overdose," an acute condition, including mania, hysteria, extreme
8 physical illness, coma, or death resulting from the consumption or use of a controlled
9 substance, or another substance with which a controlled substance was combined,
10 and that a person would reasonably believe to be a drug overdose that requires
11 medical assistance.

12 Section 2. That the code be amended by adding a NEW SECTION to read:

1 No person may be arrested or prosecuted for any misdemeanor or felony offense of
2 possession, inhalation, ingestion, or otherwise taking into the body any controlled drug or
3 substance if that person contacts any law enforcement or emergency medical services and
4 reports that a person is in need of emergency medical assistance as the result of a drug-related
5 overdose. A person qualifies for the immunities provided in this Act only if:

12 Section 3. That the code be amended by adding a NEW SECTION to read:

13 A person who experiences a drug-related overdose and is in need of medical assistance may

21 Providing first aid or other medical assistance to someone who is experiencing a drug-
22 related overdose may be used as a mitigating factor in a criminal prosecution for which
23 immunity is not provided under this Act. Nothing in this Act may be construed to:

- 24 (1) Bar the admissibility of any evidence obtained in connection with the investigation

1 and prosecution of other crimes or violations committed by a person who otherwise
2 qualifies for limited immunity pursuant to this Act; or

3 (2) Limit, modify, or remove any immunity from liability currently available to public
