3 Section 1. That § 13-13-10.1 be amended to read as follows:

4 13-13-10.1. Terms used in this chapter mean:

5 (1) "Average daily membership," the average number of resident and nonresident
6 kindergarten through twelfth grade pupils enrolled in all schools operated by the
7 school district during the previous regular school year, minus average number of
8 pupils for whom the district receives tuition, except pupils described in subdivision
9 (1A) and pupils for whom tuition is being paid pursuant to § 13-28-42 and plus the
10 average number of pupils for whom the district pays tuition;

11 (1A) Nonresident students who are in the care and custody of the Department of Social
12 Services, the Unified Judicial System, the Department of Corrections, or other state
13 agencies and are attending a public school may be included in the average daily
14 membership of the receiving district when enrolled in the receiving district. When

counting a student who meets these criteria in its general enrollment average daily membership, the receiving district may begin the enrollment on the first day of attendance. The district of residence prior to the custodial transfer may not include students who meet these criteria in its general enrollment average daily membership after the student ceases to attend school in the resident district;

(2) "Adjusted average daily membership," calculated as follows:

(a) For districts with an average daily membership of two hundred or less and a general fund balance percentage of forty-five percent or less, multiply 1.2 times the average daily membership;

(b) For districts with an average daily membership of less than six hundred, but greater than two hundred and a general fund balance percentage of forty-five percent or less, raise the average daily membership to the 0.8293 power and multiply the result times 2.98;

(c) For districts with an average daily membership of six hundred or more or a general fund balance percentage of more than forty-five percent, multiply 1.0 times their average daily membership;

(2A) "General fund balance percentage," is a school district's ending general fund cash balance less the additional revenue a school district has received from the imposition of the excess tax levy authorized by § 10-12-43 for the previous school fiscal year divided by the school districts total general fund expenditures for the previous school fiscal year, the quotient expressed as a percent;

(3) "Index factor," is the annual percentage change in the consumer price index for urban wage earners and clerical workers as computed by the Bureau of Labor Statistics of the United States Department of Labor for the year before the year immediately

preceding the year of adjustment or three percent, whichever is less;

(3A) "Enrollment adjustment," is one-half of the negative of the annual percent change in the statewide general enrollment average daily membership for the year before the year immediately preceding the year of adjustment. However, the enrollment adjustment may not be less than zero;

(4) "Per student allocation," for the period January 1, 1997, to June 30, 1997, inclusive, is \$1,675. For school fiscal year 1998, beginning on July 1, 1997, the per student allocation shall be \$3,350 increased by the index factor. Each school fiscal year thereafter, the per student allocation shall be the previous fiscal year's per student allocation increased by the index factor plus the enrollment adjustment;

(5) "Local need," the per student allocation multiplied by the adjusted average daily membership;

(6) "Local effort," the amount of ad valorem taxes generated in a school fiscal year by applying the levies established pursuant to § 10-12-42.

Section 2. That chapter 13-13 be amended by adding thereto a NEW SECTION to read as follows:

The secretary of the Department of Education and Cultural Affairs shall determine the reduction in state aid to education to school districts resulting from school districts having a general fund balance percentage greater than forty-five percent. The secretary of the Department of Education and Cultural Affairs shall distribute the amount of money so determined to school districts with a general fund balance percentage of twenty-five or less on a pro rata basis according to the school district's modified average daily membership where modified average daily membership is equal to the average daily membership for school districts with an average daily membership of six hundred or less and for school districts with an average daily

1 membership of more than six hundred is equal to six hundred plus one-half of the average daily
2 membership over six hundred.

3 Section 3. The enrollment adjustment shall apply only to the distribution of state aid to
4 education in fiscal year 2002.
