#### 1 Section 11. That § 34-20G-51 be AMENDED:

- 34-20G-51. Except as provided in § 34-20G-18 and this section, a person may
   assert the medical purpose for using cannabis as a defense to any prosecution involving
   cannabis, and such defense is presumed valid where the evidence shows that:
- 5 (1) A practitioner has stated that, in the practitioner's professional opinion, after 6 having completed a full assessment of the person's medical history and current 7 medical condition made in the course of a bona fide practitioner-patient 8 relationship, the patient has a debilitating medical condition and the potential 9 benefits of using cannabis for medical purposes would likely outweigh the health 10 risks for the person;
- 11 (2) The person was in possession of no more than three ounces of cannabis, and the
   amount of cannabis products allowed by department rules, six three flowering
   cannabis plants minimum or as prescribed by a physician, three cannabis plants
   that are not flowering, and the cannabis produced by those plants; and
- 15 (3) The person was engaged in the acquisition, possession, use, manufacture,
   16 cultivation, or transportation of cannabis, paraphernalia, or both, relating to the
   17 administration of cannabis to treat or alleviate the person's debilitating medical
   18 condition or symptoms associated with the person's debilitating medical condition;
   19 and

# 20 (4) Any cultivation of cannabis and storage of more than three ounces of cannabis 21 occurred in a secure location that only the person asserting the defense could 22 access.

#### 23 Section 12. That § 34-20G-52 be AMENDED:

34-20G-52. An affirmative defense and motion to dismiss shall fail if the
 prosecution proves that:

- 26 (1) The person had a registry identification card revoked for misconduct; or
- 27 (2) The purpose for the possession-or cultivation of cannabis was not solely for
   28 palliative or therapeutic use by the person with a debilitating medical condition who
   29 raised the defense.
