3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF SOUTH DAKOTA:

4 Section 1. That § 13-13-10.1 be amended to read as follows:

5 13-13-10.1. Terms used in this chapter mean:

6 (1) "Average daily membership," the average number of resident and nonresident
7 kindergarten through twelfth grade pupils enrolled in all schools operated by the
8 school district during the previous regular school year, minus average number of
9 pupils for whom the district receives tuition, except pupils described in subdivision
10 (1A) and pupils for whom tuition is being paid pursuant to § 13-28-42.1 and plus the
11 average number of pupils for whom the district pays tuition;

12 (1A) Nonresident students who are in the care and custody of the Department of Social
13 Services, the Unified Judicial System, the Department of Corrections, or other state
14 agencies and are attending a public school may be included in the average daily
15 membership of the receiving district when enrolled in the receiving district. When

counting a student who meets these criteria in its general enrollment average daily membership, the receiving district may begin the enrollment on the first day of attendance. The district of residence prior to the custodial transfer may not include students who meet these criteria in its general enrollment average daily membership after the student ceases to attend school in the resident district;

(2) "Adjusted average daily membership," calculated as follows:

(a) For districts with an average daily membership of two hundred or less, multiply 1.2 times the average daily membership;

(b) For districts with an average daily membership of less than six hundred, but greater than two hundred, raise the average daily membership to the 0.8293 power and multiply the result times 2.98;

(c) For districts with an average daily membership of six hundred or more, multiply 1.0 times their average daily membership;

(2A) "Fall enrollment," the number of kindergarten through twelfth grade students enrolled in all schools operated by the school district on the last Friday of September of the current school year minus the number of students for whom the district receives tuition, except nonresident students who are in the care and custody of a state agency and are attending a public school and students for whom tuition is being paid pursuant to § 13-28-42.1, plus the number of students for whom the district pays tuition. When computing state aid to education for a school district under the foundation program pursuant to § 13-13-73, the secretary of the Department of Education shall use either the school district's fall enrollment or the average of the school district's fall enrollment from the previous two years, whichever is higher;

(2B) Repealed by SL 2010, ch 84, § 1.

(2C) "Small school adjustment," calculated as follows:

(a) For districts with a fall enrollment of two hundred or less, multiply 0.2 times \$4,237.72;

(b) For districts with a fall enrollment of greater than two hundred, but less than six hundred, multiply the fall enrollment times negative 0.0005; add 0.3 to that result; and multiply the sum obtained times \$4,237.72;

The determination of the small school adjustment for a school district may not include any students residing in a residential treatment facility when the education program is operated by the school district;

(2D) "Limited English proficient (LEP) adjustment," is calculated as follows:

(a) Multiply 0.2 times the per student allocation; and

(b) Multiply the product obtained in (a) times the number of students counted in the fall enrollment of a school district who meet the definition of a limited English proficient student in 20 U.S.C. § 7801 (25) as amended to January 1, 2012;

(3) "Index factor," is the annual percentage change in the consumer price index for urban wage earners and clerical workers as computed by the Bureau of Labor Statistics of the United States Department of Labor for the year before the year immediately preceding the year of adjustment or three percent, whichever is less;

(4) "Per student allocation," for school fiscal year 2012 is \$4,389.95. Each school fiscal year thereafter, the per student allocation is the previous fiscal year's per student allocation increased by the index factor;

4 subdivision (2D), if applicable;

5 (6) "Local effort," the amount of ad valorem taxes generated in a school fiscal year by
6 applying the levies established pursuant to § 10-12-42;

7 (7) "General fund balance percentage," is a school district's general fund equity divided
8 by the school district's total general fund expenditures for the previous school fiscal
9 year, the quotient expressed as a percent;

10 (8) "General fund reserves," the sum of a school district's nonspendable and restricted

23 (c) Calculate the limited English proficient (LEP) adjustment pursuant to
24 subdivision (2D), if applicable; and

1 (d) Add the product of subsection (a) to the product of subsection (b) and to the

3 (3) State aid is (a) local need minus local effort, or (b) zero if the calculation in (a) is a
4 negative number;

5 (4) If the state aid appropriation for the general support of education is in excess of the
6 entitlement provided for in this section and the entitlement provided for in § 13-13-
7 85, the excess shall be used to fund any shortfall of the appropriation as provided for
