

2022 South Dakota Legislature

House Concurrent Resolution 6012

Introduced by: **Representative** Soye

A CONCURRENT RESOLUTION, urging the development of options for ensuring continued visitation of patients and residents in nursing facilities and assisted living centers.

4 WHEREAS, each day, the talented and dedicated people who staff South Dakota nursing

5 <u>facilities and assisted living centers work tirelessly to ensure that the patients and residents</u>

6 <u>entrusted to them receive the best possible care; and</u>

7 <u>WHEREAS, during the COVID-19 pandemic, the day-to-day challenges of operating</u>

8 <u>nursing facilities and assisted living centers became exponentially increased by the need to</u>

9 prepare for and address the high rates of infection, morbidity, and mortality being seen in like

10 settings across the country; and

11 WHEREAS, the vulnerable nature of their patients and residents, combined with the

12 inherent risks of congregate living in a healthcare setting, caused the imposition of aggressive

13 measures to limit exposure to COVID-19 and the spread of COVID-19 within each facility and

14 center; and

15 WHEREAS, these aggressive measures included restricting virtually all in-person visitation

- 16 and interaction with friends, family, and non-essential healthcare personnel; and
- 17 WHEREAS, the resulting physical separation took an immeasurable emotional and physical
- 18 toll on patients and residents, as well as on their loved ones; and
- 19 <u>WHEREAS, for many patients and residents, the social isolation led to increases in</u>
- 20 <u>depression, anxiety, and distress; and</u>
- 21 WHEREAS, for patients and residents with cognitive impairments or other disabilities, the
- 22 restrictions were also confusing and upsetting; and

22.928.10

| 1 | WHEREAS, the institutional efforts to mitigate the risk of infection among patients and |
|----|--|
| 2 | residents resulted in an unintentional but seriously detrimental violation of the right to receive |
| 3 | visitors at the time of the patient's or resident's own choosing; |
| | |
| 4 | NOW, THEREFORE, BE IT RESOLVED, by the House of Representatives of the Ninety- |
| 5 | Seventh Legislature of the State of South Dakota, the Senate concurring therein, that while |
| 6 | safeguarding the health and wellbeing of this state's vulnerable elderly population is a |
| 7 | laudable goal and not easily achievable during a pandemic, the measures undertaken in |
| 8 | pursuit of that goal must never again result in the de facto imprisonment and sequestration |
| 9 | of our elderly family members, friends, and neighbors; and |
| | |
| 10 | BE IT FURTHER RESOLVED, that nursing facilities and assisted living centers be urged to |
| 11 | work collectively for the development and implementation of options that safeguard the health |
| 12 | and well-being of their patients and residents, while recognizing that quality of life is greatly |
| 13 | dependent on regular and frequent personal interactions that promote physical, mental, and |
| 14 | psychosocial well-being; and |
| | |
| 15 | BE IT FURTHER RESOLVED, that the members of the South Dakota congressional |
| 16 | delegation be urged to join with their counterparts from the other states to ensure that any |
| 17 | federal statutes, regulations, guidance, and orders addressing the health and well-being of |
| 18 | patients and residents, in nursing facilities and assisted living centers, during a pandemic, |
| 19 | incorporate ongoing visitation and personal interactions, and support the efforts of the |

20 <u>facilities and centers to provide such opportunities to patients, residents, and their loves ones.</u>
