BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF SOUTH DAKOTA:

Section 1. That § 36-27A-1 be amended to read as follows:

36-27A-1. Terms used in this chapter, unless the context otherwise requires, mean:

In addition to instruction in scientific and professional ethics and standards, research design and methodology, statistics and psychometrics, the core program shall require each student to demonstrate competence in each of the four following substantive areas. This may be met by including a minimum of three or more graduate semester hours (five or more graduate quarter hours) in these four substantive content areas:

The board, upon application and payment of the license fee, shall license any person who is licensed by any other country, state, territory or possession of the United States, if the license was issued under the minimum requirements of this chapter and who has practiced at least five years in such jurisdiction, and who does not have a complaint pending with such state or province, or any other jurisdiction. The application shall include a consent by the applicant for the release of information by all prior jurisdictions where licensed of all information relative to the applicant, including any disciplinary proceedings even if, by agreement or otherwise, the proceedings are confidential.

- (5) Has not been convicted of a felony or a misdemeanor involving moral turpitude as defined

in subdivision 22-1-2(25).

Section 6. That § 36-27A-12.1 be amended to read as follows:

36-27A-12.1. - (5) The physical or mental condition of the licensee or applicant for licensure is determined to be such as to jeopardize or endanger those who seek the professional services of the licensee or applicant. By a majority vote of the entire board, the board may demand a physical or mental examination of a licensee or applicant for licensure. The failure to submit to the examination is immediate grounds for the suspension of the licensee's license or grounds for denial of a license to an applicant for licensure;
