Executive Board  
c/o Jason Hancock, Director  
Legislative Research Council  
500 E. Capitol Ave.  
Pierre, SD 57501

SDCL 3-12-117 requires the South Dakota Investment Council to report semi-annually the actions taken related to the shareholder activism policy adopted per the 2010 House Concurrent Resolution No. 1012. The law states that, "The report shall include an analysis of the success of the policy in accomplishing the goal of promoting compliance with the federal enactments and its impact on all sales of affected companies." The attached policy was adopted by the Council on April 10, 2010 and is reviewed at least annually, most recently at the February 2, 2017 meeting.

Actions taken under the policy and the resulting outcomes follow with supporting documents attached. As of July 1, 2017, one company was held on the Sudan company list. A letter was emailed to Volkswagen AG, the majority owner of MAN SE, on July 10, 2017. A response has not been received as of this date.

Investment staff views MAN Group's Sudan involvement to be minimal. SDRS continues to hold a position in Volkswagen which is considered undervalued. The risk assessment for Volkswagen considers the materiality of the Sudan activities and potential for eventual removal of the company from the Sudan list.

Sincerely,

Matthew L. Clark  
State Investment Officer

Dear Andreas:

The South Dakota Investment Council is an investor in shares of Volkswagen AG, the majority owner of MAN SE. The Investment Council manages retirement funds for teachers and other public employees of the State of South Dakota. In order to comply with the 2010 HOUSE CONCURRENT RESOLUTION NO. 1012 of the South Dakota Legislature and Council policy, we are required to contact your company to share our concern about your business activities in Sudan. MAN SE appears on a public list of companies with business activities in Sudan that may contribute to perpetuating genocide through financial support.

The Council requests, at your earliest convenience, a written explanation of the business activities in Sudan and any efforts to assure the activities play a helpful role.

The Council strongly encourages you to cease or to convert to inactive status any business activities that are not consistent with helping end the genocide. We believe failure to do so will cause harm to Volkswagen's world-wide reputation which may negatively impact future business prospects. This may also subject your company to divestiture actions by many large investors throughout the world which may affect the investment value of your company.

Sincerely,

Matthew L. Clark  
State Investment Officer
