A Message From the Executive Director

On behalf of the Board of Commissioners, we are pleased to present the 2024 SD Housing Annual Report, a glimpse at the accomplishments we have made over the last fiscal year.

To the Governor and Members of the Legislature:

SD Housing was created by the South Dakota Legislature in 1973 with a stated mission to provide opportunities for quality, affordable housing for South Dakotans. SD Housing does this with a dedicated team of 71 employees and seven commissioners who work hard to make sure that the programs we provide to agencies and communities fit the housing needs of South Dakotans. We could not accomplish this without our great housing partners who serve as the physical presence for our programs.

In the time of high interest rates, we revived our Grants for Grads Program as a tool to help achieve homeownership. Relaunched in May, the Grants for Grads program provides five percent of the loan amount as a grant to be used for downpayment and/or closing cost assistance when recent graduates wish to purchase their first home in South Dakota.

In the spirit of needed growth, SD Housing began accepting applications for the Housing Infrastructure Financing Program, a result of the legislature's historic investment in housing. At the end of the fiscal year, the SD

Housing Board of Commissioners approved 73 projects resulting in the infrastructure to create approximately 6,800 single family lots and 4,800 multifamily units.

Some additional highlights of fiscal year 2024 include:

- SD Housing provided **\$497 million** to fund mortgage loans for first-time and repeat homebuyers.
- SD Housing awarded **\$143 million** to develop or preserve 12,143 units of affordable housing.
- SD Housing sold **74** Governor's Houses/DakotaPlexes to qualifying households.
- SD Housing provided oversight to **392** developments to ensure there is quality administration and maintenance done by our housing partners.

As fiscal year 2025 begins, we are excited about what is ahead. We will continue to make sure that affordable housing is attainable.
