

HB 1166

February 26, 2025

To Whom it may concern,

I am a citizen and taxpayer of the state of South Dakota and an organized member of the United Association of Plumbers, Pipefitters, and HVAC workers Local 192. When organized, I was not coerced, threatened, or intimidated in any way, shape or form. I joined UA Local 192 with free will and exercised my rights within the South Dakota Right to Work Law(s), as well as my rights under the NLRA. My reason for joining was the great wages and benefits afforded to myself and my family. I am currently working at Ellsworth Airforce Base, which is a very important project to our Armed Forces, and I am confident that we are the most qualified and skilled tradesmen to be working on this important project. I encourage you to vote **NO** on this bill. Not allowing other members of this community the freedom to gain pertinent Union information, like I received, would be a tragedy.
